

Hucclecote Parish Council Social Media Policy

The aim of this policy is to set out a Code of Practice to provide guidance to parish councillors, council staff and others who engage with the council using online communications, collectively referred to as social media.

Social media is a collective term used to describe methods of publishing on the internet.

This policy covers all forms of social media and social networking sites which include (but are not limited to):

- Parish Council Website
- Facebook, Myspace and other social networking sites
- Twitter and other micro blogging sites
- YouTube and other video clips and podcast sites
- LinkedIn
- Blogs and discussion forums
- Email

The use of social media does not replace existing forms of communication.

The principles of this policy apply to parish councillors, council staff and others communicating with the Parish Council.

Individual parish councillors and council staff are responsible for what they post in a council and personal capacity.

In the main, councillors and council staff have the same legal duties online as anyone else, but failure to comply with the law may have more serious consequences.

Social media may be used to

- Distribute agendas, post minutes and dates of meetings
- Advertise events and activities
- Good news stories linked website or press page
- Vacancies
- Re-tweet or share information from partner agencies such as Principal Authorities, Police, Library, Health etc.
- Announcing new information
- Post or Share information from other parish related community groups such as schools, sports clubs, community groups and charities
- Refer resident queries to the clerk and all other councillors

Code of Practice

When using social media (including email) parish councillors and council staff must be mindful of the information they post in both a personal and council capacity and keep the tone of any comments respectful and informative.

Online content should be accurate, objective, balanced and informative.

Parish councillors and council staff must not:

- hide their identity using false names or pseudonyms
- present personal opinions as that of the council
- present themselves in a way that might cause embarrassment to the council
- post content that is contrary to the democratic decisions of the council
- post controversial or potentially inflammatory remarks
- engage in personal attacks, online fights and hostile communications
- use people's names unless they are already in the public domain or are the designated contact person for an organisation
- publish photographs or videos of minors without seeking to ensure parental permission. If this is impractical the council will happily remove any images should a parent raise concerns
- post any information that infringes copyright
- post any information that may be deemed libel
- post online activity that constitutes bullying or harassment
- bring the council into disrepute, including through content posted in a personal capacity
- post offensive language relating to race, sexuality, disability, gender, age, religion or belief
- conduct any online activity that violates laws, regulations or that constitutes a criminal offence

Councillor's views posted in any capacity in advance of matters to be debated by the council at a council or committee meeting may constitute Pre-disposition, Pre-determination or Bias and may require the individual to declare an interest at council meetings.

Anyone with concerns regarding content placed on social media sites that denigrate parish councillors, council staff or residents should report them to the Clerk of the Council.

Misuse of social media content that is contrary to this and other policies could result in action being taken.

The Council will appoint a nominated person as moderator of parish council social media output and they be responsible for monitoring content to ensure it complies with the Social Media Policy.

The moderator will have authority to remove any posts made by third parties from council social media pages which are deemed to be of a defamatory or libellous nature.

This policy will be reviewed annually.
